KIDS' PARTIES WITH CATERING

Kids love a trip to the movies - especially when they're sharing the experience with friends. Our party package is easier than pressing play: no stress, no mess (at least, not for you)!

Start the fun with an in-season film of your choice, complete with a mini combo (popcorn and drink), then let the magic continue in our Hogwarts themed party room. For the young witches and wizards among us, it's thirty minutes of spellbinding fun - no wand required!

Please note: our parties are designed for kids 12 years and under, with a minimum of 12 and maximum of 24 (depending on age).
